FOOTPEG ADAPTERS

SOLD IN PAIRS

Select a Footpeg or Floorboard (PG 114) and Mount it with an Adapter!

Kuryakyn floorboards and foot pegs feature a two part mounting system allowing you to choose the right style for the right bike. Depending on the style you choose, each floorboard or foot peg will require either a **SPLINED** or **TAPERED** adapter (sold in pairs). Throughout the book, floorboards and foot pegs are identified by a symbol next to each style indicating whether it requires a splined or tapered adapter. Use the chart below to determine the right adapter for your application.
